Question the ordinary
Imagine the extraordinary
Create the enduring

CORPORATE OVERVIEW
Future Questions

Can we help societies thrive in a world we do not control?

Can we anticipate the unforeseeable, perceive the unexplainable, and plan something unbelievable?

Can we design the unthinkable?

Can we think international and still act local?

Nurture sustainable societies, connect communities, and seize opportunities?

Can we trace horizons, hold true to our ambitions, and hold ourselves accountable?

Can we design a place where our friends, families and neighbours, can thrive?

What if we can?
At WSP we see the future more clearly and design for it today.

We know that our future world will be very different from today’s in many ways. Through Future Ready we bring clarity and vision to complex challenges, and work with clients to design for this future as well as for today’s needs.

We look to the future through the trend themes of:

- CLIMATE
- SOCIETY
- TECHNOLOGY
- RESOURCES

Visit [wsp.com](http://wsp.com) to discover how we can help you integrate the future into your project.

#WSPFutureReady
Business plays a key role in supporting the growth of a sustainable and prosperous society.

WSP embraces the opportunity to be at the heart of this by delivering a thriving environment, social well-being, and healthy, vibrant communities.

- We will use the growth of the sustainable economy as an opportunity to grow new markets and commercial opportunities.

- Our advice and designs will be future ready and will enable our clients to reduce environmental impacts over the life cycle of their assets.

- We will actively manage our own environmental and social impacts, improving the positive while reducing the negative.

- We will participate meaningfully in the communities in which we operate.
We value the many unique partnerships we’ve been fortunate to develop with Indigenous peoples and communities across Canada.

Together our projects have mutually improved economic opportunity, enhanced education and training and brought lasting improvement to quality of life.
WSP offers advisory, planning, design, project management, and construction administration services across all the markets and sectors in which we serve.

- WSP employs 8,000+ people across Canada
- 37.5% of our Board of Directors members are female
- 100,000 active projects worldwide
- We’re in 40 countries with 550 offices employing 49,000 employees
- With 130 offices in Canada, we are located in almost every province and territory
